FDA regrets that it was unable to publish this notice 15 days prior to the September 25, 2003, Dermatologic and Ophthalmic Drugs Advisory Committee meeting. Because the agency believes there is some urgency to bring this issue to public discussion and qualified members of the Dermatologic and Ophthalmic Drugs Advisory Committee were available at this time, the Commissioner of Food and Drugs concluded that it was in the public interest

to hold this meeting even if there was not sufficient time for the customary 15-day public notice.
